

Dear IHS Member

On April 11, 2007, the IHS Board of Directors met to agree on conducting a survey with our membership to aid the IHS in further understanding the expertise and interests of all our members. This information will be used to tailor the Societies emphasis and activities in the future. The general results will be shared with the membership in future IHS Newsletters.

HOW TO COMPLETE THE IHS SURVEY FORM:

1. If you received this form by Email (as an MS Word attachment named "IHS Survey Form.doc"), you should save the attached Survey Form on your PC. If you downloaded the Form (as an MS Word attachment named "IHS Survey Form.doc") from the IHS Web site at: <http://www.foils.org/objectives.htm> You should also save the downloaded IHS Survey Form on your PC
2. After saving the Survey Form on your PC, please open it and then complete the survey electronically in MS Word.
3. Fill in the survey form answers by clicking on the highlighted "Press" button located under: "Experienced" AND "Interested" under each Skill area. This will open a drop-down menu in both cases. Press "Yes," "Some" or "No" as you see fit. (There is no hard and fast rule as to the difference between "Yes" and "Some" – this is your own assessment of your skill and/or interest. Please note that "Experienced" and "Interested" are not mutually exclusive or inclusive. One can possibly be quite experienced in a field but have no interest in pursuing it.)
4. When you are finished the Survey, save the document on your PC and return it as an attachment within an e-mail addressed to: survey@foils.org

Alternative by-hand Method:

1. If you cannot get the MS Word version to work you can click on the Adobe PDF version on the IHS WEB site at <http://www.foils.org/objectives.htm> and download the [IHS Survey form.pdf](#). located there.
2. After opening the Adobe pdf version, print it out and then fill it in by hand. (i.e. write in next to each "press" box the appropriate Y for YES, S for SOME or N for NO.)
3. Then Mail the finished hard copy of the survey to:

IHS Survey
